Claim Rejections - 35 USC § 103

Claims 1-3, 5 and 6 are rejected under 35 U.S.C. 103(a) as being unpatentable over Samways et al. (US 6571515) in view of Youngs et al. (US 6892496). Samways et al. discloses a vehicle door assembly for a motor vehicle, comprising: a door frame 2; a carrier plate 1; a door component F; and a plurality of fasteners 16 securing the door component F to the carrier plate 1 as shown in figure 2, said fasteners 16 further securing the door component F and said carrier plate 1 to the door frame 2, and said fasteners 16 configured to initially support said door component F on said carrier plate 1 before said carrier plate is positioned on said door frame; the door component F comprises a window regulator rail 6; said door frame 2 supports more than 50 percent of the weight of said door component since the door component is only attached to the door frame 2; a sealable opening 29. Samways et al. is silent concerning a door trim panel and polypropylene carrier plate.

However, Youngs et al. discloses a vehicle door assembly comprising a door frame 12, a door trim panel 18 secured removably to said door frame, and a polypropylene carrier plate 16 positioned between said door frame and said door trim panel.

It would have been obvious to one of ordinary skill in the art to provide Samways et al. with a trim panel and a polypropylene construction, as taught by Youngs et al., to

improve the appearance of the vehicle door as viewed from the interior of the vehicle and to reduce the weight of the door.

Response to Arguments

Applicant's arguments filed December 6, 2007 have been fully considered but they are moot in view of the new grounds of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
